J. Arnold for Receiver
M. D'Arcy for Receiver
A. Anne Arthel for CRA

The mtd is reviewed, etc
The record supports the requested
relief which is granted. The
first paragraph of the order
was ~~revised~~ prepared by counsel
to the Receiver to address
the possibility of a GST shut

Class that has been put forth by CRA
In view of the expedited nature of ~~the~~ the
proceeding in September 17108 and reflecting
the fact that CRA was not served with
the original materials it is, in my view
appropriate to add the language ~~of~~
proposed by counsel to the Record
in order to ensure that the class, if
any, of CRA can be addressed with
the benefit of a proper record.
